

# St. Petersburg Group

## Over six years of Partnership

### WHEN DID YOUR FIRST VISIT?

"I first brought students to Buckswood in June 2002 for one of the "Education abroad" companies in St Petersburg and was immediately blown away by its unique atmosphere. I kept on coming again and again.

Since November 2009, I have brought groups from Gimnazia 67 in St Petersburg. Every visit has been enjoyable, whether it be June, March or November. You quickly become addicted to Buckswood - the beauty, friendly atmosphere & extremely nice students. Buckswood is so different from life in Russia & other English schools.

### WHY BUCKSWOOD?

Every time we visit it feels like being plunged into the Harry Potter world with the 16<sup>th</sup> century main building, assembly in the church, prefects and teachers wearing gowns.

Buckswood is special! Going to any other English language school is boring, it lacks the flavour of Buckswood - an English public school. Buckswood is special - we do prep, house points, Speech & Sports Day, the campus life is amazing, Headmaster's office, top table and ...the school dog - wisdom! In all the great experiences keep us coming back every year."

*-Lidia Teyganova - group leader*
